## 2080 Public Speaking

a) Members of the public  
no matters raised

b) PDNPA Parish Member Kath Potter, DDDCllr Laura Mellstrom and PCSO Boswell sent apologies.

DCCllr Sue Hobson reported Stanton Lees collapse awaits the paperwork for conversion to a bridleway due to the road collapse. The gullies situation near the school in Rowsley is being investigated along with Pilhough. Whilst the pothole on our main route has been filled the blocked drains need a survey and fixing especially where the water crosses the road surface and freezes on the corner – now further exposed by the cutting down of the trees. The VAS system has no update on progress – consensus of the meeting was that it should be removed as nobody believes it after too many erroneous stops. The passing place needs the manhole in the road investigating as water washes out often and 3 words location will be passed on (post meeting logged as FS-Case-789216365)

Better Derbsyhire Dales Fund is one of the few known to accept Parish Council applications as most trusts won't consider councils as being part of the community.

Cllr Hobson left the meeting at this point.

## 2081 To confirm the Non-exempt minutes of the previous meeting

ii) **Applications returned due to time constraints:** none

iii) **for Decision** – none

### iv) Planning updates/issues:

DCC Planning, DDDC – no matters, PDNPA – Pilhough Haul Road removal delayed by mechanical failure but should be complete by spring, Western Power have removed their electrical equipment. A draft leaflet was received from Dale View regarding impending closure and restoration to seek local views. Council notes this will be determined by the PDNPA Ecologists and planners but is informative and should be circulated to Pilhough, Stanton Lees, our and Rowsley Primary schools and Rowsley PC – being on the haul route. The Forticrete site purchase by a concrete fencing company with M-F working proposed is a smaller process similar to the old factory so should have no increased effect on residents.

## 2084 Footpaths and Highways

Highways – hole in road from B5056 has finally been patched but drainage works in this area are still awaited. The Pilhough Path has been approved by Rights of Way for inclusion

### 2086 Items for information and DALC (already circulated by email)

DALC Circulars/briefings; PDNPA Bulletins; DCC liaison explained the one County authority principle is based on the Districts not being able to agree how to split the County up into two, Government will now decide the split.
